

Minnesota Dairy Goat Association

Board of Directors

Meet the Candidate

DIANA RICO

I'm good at organizing events. I volunteer to do things like show secretary, make ring prizes, staff the goat booth at the state fair, etc.

In my professional life I do a lot of training and I'm a point person for people to ask questions and direct folks to the right place to find info.

We currently raise Lamanchas, Nubians, and Sables. I participate in the dairy goat industry by raising goats and showing. My family has been raising dairy goats since the 70s.

Our herd participates in herd improvement programs. We go through 10+ rings every year, linear appraisal when we can, and dabbled in milk test this year.

My other hobbies include video games and gardening.
